

Golden Visions Newsletter
11-2004 / 12-2004

Greetings One and All!

I was INTENDING to send an email upon my return to Minnesota. Well, time flies... I arrived 11/6 and already it's time to wish everyone a Happy Thanksgiving and blessed Holiday Season as well as New Year. I will be in Minnesota through December 31, returning to New Mexico for January through mid May, and then back to Minnesota for more hypnotherapy trainings and classes.

I will be teaching the hypnotherapy certification classes in May, June, and July of 2005 as well as some in November and December, but have not put the dates or locations "in ink" as of yet. I plan to teach three or four levels of hypnotherapy (Certification, Masters, Past Life and Life-Between-Lives) in the May/June/July period and possibly again in Nov/Dec. I am still searching for a venue to teach from, and will be talking with several people this December. I will have my New Mexico schedule done in a few days. If you are interested, please continue to check the web site (www.donnaguice.com) for those dates, or call me at 612-709-5578 (MN), 505-534-1291 (NM) or 1-888-DKG-8832 Toll Free.

Life has certainly been exciting, busy, challenging...and blessed. I plan to share a few insights in the next email, but there is just so much to say this time I will keep my personal "stuff" brief.

That said... here is an update of events and classes happening soon!

Prayer Request:

Many of us are facing unbelievable challenges lately. Please send prayers and healing for the highest good to Christine and Lori and Lucas.

And in closing:

I remain amazed at how time is accelerating. Although I was teaching a hypnosis class during the days of the Edge Life Expo, I managed to slip in for a few hours on Friday night to see some acquaintances I had not seen for years! It was such a joy to witness from the other side of the fence, how an expo helps enliven and enlighten those who attend. Thanks to the Edge and its staff for all the efforts to keep this tradition going and flowing! I plan to be part of it next November!

I wish to thank each and every one of you for be-ing. In some way we have touched each other, although often we are unsure of just what has happened. I continue to forge ahead, trusting as much as I am able, and knowing there certainly is a Divine Creator that knows a heck of a lot more about all this than I.

Anybody get any more information?? (heh heh)

Blessings, Peace, and Love,

Donna MaDonna
